ALSO KNOWN AS

- Aircraft Parts Etcher
- Boring Mill Operator - Metal Machining
- Computer Numerical Control (CNC) Machining Tool Operator
- Lathe Machining Operator
- Machining Tool Operator
- Milling Machine Set-Up Operator

MAIN DUTIES:

- This group performs some or all of the following duties:
- Study job orders and interpret blueprints to determine machining operations to be performed
 - Set up and operate machine tools to perform repetitive machining operations, such as turning, milling, drilling, boring, planing, honing, broaching, grinding or other machining operations
 - Verify dimensions of parts machined using micrometers, callipers and other precision measuring instruments
 - Prepare etching solution and immerse metal parts or workpiece in etching solution to remove unwanted portions
 - Perform routine maintenance on equipment and machinery.
