MAIN DUTIES:

This group performs some or all of the following duties:

- Develop and administer audiometric tests and examinations using specialized instruments and electronic equipment to diagnose and evaluate the degree and type of patients' hearing impairment
- Plan and implement habilitation/rehabilitation programs for patients, including selection, fitting and adjustment of amplification devices, such as hearing aids, balance retraining exercises, and teaching speech (lip) reading
- Educate and counsel patients and families regarding the nature, extent, impact and implications of hearing loss and treatment.
